Albion Metal Products was sold in January of 1983. The company of Albion Metal Products occupied the location at "C" DR. and 29 MI. RD. in Albion, MI. from the years of 1964 to 1983.

During this time the company produced steel, stainless steel, and aluminium fabrications, there was never Hazardous Substances used in the production of it's products.

Any waste paper, wood, ect. was burned in our own incinerator and only the ashes were taken to the dump that was provided by the City Of Albion. All our steel scrap was sold to scrap companies.

The land and building were sold to K.D.I. Inc. who now Mfg. products at the above mentioned location. The equipment was sold to Metal Products Of Albion who are now located at the East end of Albion.

Since retiring and selling every thing I have not kept close contact with either business mentioned above.

Dear Sir or Madam:

The United States Environmental Protection Agency (U.S. EPA) is currently investigating the source, extent and nature of the release or threatened release of hazardous substances, pollutants or contaminants on or about the Albion-Sheridan Township Landfill, Calhoun County, Michigan. This investigation requires inquiry into the generation, storage, treatment and disposal of such substances that have been or threaten to be released at the Site. U.S. EPA is also investigating the ability of persons connected with the Site, to pay for or perform a clean-up of the Site.

Pursuant to the authority of Section 104(e) of the Comprehensive Environmental Response Compensation and Liability Act (CERCLA), 42 U.S.C. § 9604(e), amended by Superfund Amendments and Reauthorization Act of 1986, Pub. "Non-compliance" is considered by U.S. EPA to be not only failure to respond to the Requests but also failure to respond completely and truthfully to each Request. Please be further advised that provision of false, fictitious, or fraudulent statements or representations may subject you to criminal penalties of up to ten thousand dollars (\$10,000) or up to five (5) years of imprisonment or both under 18 U.S.C. §1001.

3. In answering each Information Request, identify all contributing sources of information.
4. If information is not known or is not available to the respondent as of the date of submission of his/her response, should information later become known by or available to the respondent, respondent must supplement its response to U.S. EPA. Moreover, should the respondent find, at any time after the submission of its response that any portion of the submitted information is false or misrepresents the truth, respondent must notify U.S. EPA thereof as soon as possible.
5. For each document produced in response to this Request for Information, indicate on the document, or in some other reasonable manner, the number of the question to which it responds.
6. You must respond to the Information Requests on the basis of all information and documents in your possession, custody or control or in the possession, custody or control of your former or current employees, agents, servants, contractors or attorneys. Furnish such information as is available to you, regardless of whether or not it is based on personal knowledge, and regardless of source.

7. Your response should be accompanied by a notarized affidavit from a responsible company official or representative stating that a diligent record search has been completed and that there has been a diligent interviewing process with present and former employees who may have knowledge of the operations, hazardous substance use, storage, treatment, disposal or other handling practice of the Respondent between 1945 and 1982. To the extent that any information you provide relating to these Requests is based on your personal knowledge, or the personal knowledge of your employees, agents, or other representatives, this information shall be in the form of a notarized affidavit.
